Venue	:	**SH-003**
Date & Time	:	**05/9/2023, 02:30 PM to 04:00 PM**
Number of students Attended	:	**150**

Ramachandra College of Engineering has celebrated Teachers Day on the **5th of September 2023**. Teacher's Day in India was first observed in 1962. The day commemorated the **birth anniversary of Dr. Sarvepalli Radhakrishnan**. He was the **first Vice-President and second President of independent India.**

Teacher's Day is a symbol of gratitude and appreciation towards teachers, acknowledging their vital role in the society's progress and development. It serves as a reminder of the importance of education and the role teachers play in imparting knowledge and values to students.
Teacher's Day celebration at our college was a grand success. It not only brought joy and happiness but also strengthened the bond between teachers and students. It reminded us of the crucial role teachers play in our lives and encouraged us to continue learning and growing under their guidance.

As we conclude the Teacher's Day celebration, let us remember to appreciate and respect our teachers every day, for they are the guiding lights on our educational journey.
